LINGFIELD

LINGFIELD

QUAD: STANDARD FLUORESCENT/LED WIRING

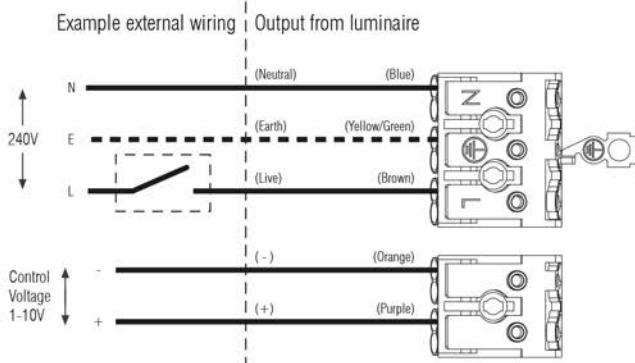

QUAD: EMERGENCY FLUORESCENT/LED WIRING

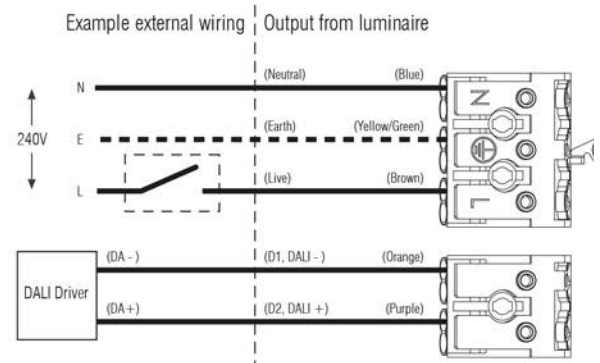

Emergency Live should be wired to an always on power supply so that the standard lamps can be switched off separately.

Additional Live is only used in cases where a separate light source, such as spotlights or indirect lighting, located in the light fitting and needs to be independently switchable.

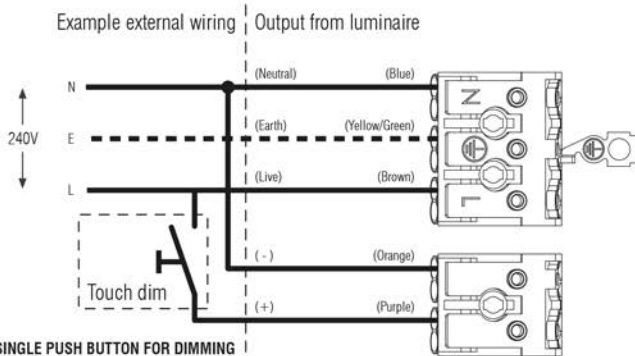

QUAD: FLUORESCENT/LED DIMMING, 1-10V

QUAD: FLUORESCENT/LED DIMMING, DALI

QUAD: FLUORESCENT/LED DIMMING, TOUCH-DIM

SINGLE PUSH BUTTON FOR DIMMING

Long push = Dimming
Short push = On/off
